Accessories with style and extravagance

- Collar and scarf designs are at the heart of Wolford accessories
- Gold buckles and metallic studs are a must for belts

Bregenz, 15 October 2013 – This summer, scarf and collar designs are the elegant highlights of Wolford's accessories collection. Sophisticated accents are created by models made from cotton, transparent lace or satin decorated with metal studs. Scarves made from either pure silk or from a modal or viscose and silk mix make charming additions to any jacket. Gold-coloured studs and buckles are an eye-catching design element on decorative belts, which are available in a range of patterns, colours and sizes. A small but attractive range of scarves and gloves completes the feminine look.

Seductive necklaces and extravagant collar designs

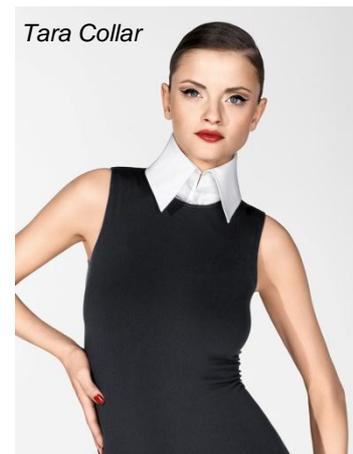

Meryl Collar

The influence of bohemian chic on the main collection is evident in its range of collars: the translucent “Meryl Collar”, for example, provides a variety of styling ideas – it hangs loosely over the neckline in a waterfall shape and goes perfectly with summery dresses and tops with wide necklines.

The floral lace design of the “Sira Collar”, which features a satin ribbon either tied in a bow or simply loosely looped at the front, makes for an especially feminine accessory. This collar becomes an absolute show-stopper with sleeveless tops and is also available in classic black.

The cotton-rich “Tara Collar” lends all feminine outfits a touch of elegance and a certain austerity which contrasts especially well with the natural femininity of the collection. The attention to detail pervades with the three small mother-of-pearl buttons which are fastened with hand-knotted

loops.

Simin Scarf

An additional styling highlight is offered by the broad, metal-studded satin “Simin Scarf” neckband; it comes into its own as a particularly attractive necklace when worn with loose-fitting blouses and dresses. The matching waist belt is just as attractive for slim-fit models. The “Simin Gaiter” enables you to also wear the striking design on your wrists or ankles – available in a soft velvet mix material.

Scarves make a charming addition to any jacket

There are scarves for every taste and every occasion in the Nahla range; for a fresh kick we recommend this flamboyant floral design made from pure silk.

Nahla Scarf

You'll find the perfect companion for cool summer evenings in the jacquard shawl range; the subtle variants are made from a soft modal-cashmere mix, whose floral design perfectly complements the main collection. In contrast, the more glamorous golden Lurex threaded scarf design is perfect for special occasions; with a mix of modal, viscose and silk, it's seductively soft.

Those who want to accentuate their summer wardrobe with yet more colours and shapes should look no further than the Wolford range of 100% silk scarves. Graphic shapes in bold colours like rose panama and peridot panama are combined with warm green and brown tones on the "Panama Scarf". This creates a subtly sparkling look, which makes this scarf a

classic summer accessory. For those who love stripes, the "Raya Scarf" is available in the same colour combination as a light and airy chiffon alternative.

Eye-catching waists

Whether narrow or broad, sporty or elegant, printed or braided, you're guaranteed to have all eyes on your waist with a Wolford belt.

Striking stitching, a gold-coloured ring buckle and soft nubuck leather are the main components of the wide "Togo Belt", which – depending on the length – can be worn as a regular belt or as a waist belt.

Togo Belt

Gold-coloured studs in a diamond pattern adorn the front leather part of the somewhat narrower "Yvette Belt", which features a classic metal clasp, also in gold. A colour-coordinating elasticated band ensures a perfect fit.

Studs and two gold clasps are also the central focus of the sporty "Rattan Belt" waist belt. Here, the naturally dyed leather front is linked with a natural-coloured elasticated band, which gives this elegant accessory a relatively light tone.

Rattan Belt

Embossed leather belts provide that special, anything-but-ordinary look. The range features the "Sira Belt" with a lacy floral pattern, which has two narrow crossed bands at the back and is fastened with a gold-coloured buckle at the front. Alternatively, you could opt for the braided leather "Panama Belt". The sewn-on belt ends meet at the back and are fastened with a gold-coloured buckle. Both models have got the style factor and summer flair.

This distinct floral pattern can also be found on the "Nahla" models. Available either in the form of individual, interwoven bands decorated

with studs, or as an extra wide belt with a large-scale floral pattern which shows off your waist at its best. Gold-coloured buckles on the back of the sewn-on belt pieces fasten the belt together. Both models are made from finest cowhide.

For those who prefer a clear outline, we recommend the “Uma Belt”, made from narrow leather bands. A gold-coloured buckle at the front as well as matching rivets round off the modest design, whilst the elastic insert at the back ensures optimum support. The “Luna Belt” also features a multitude of fine leather bands, which wrap around the waist in a strikingly delicate way. At the front, the hooked clasps on the inside hold the belt together, further complimenting the clear design.

Solid accessories

The accessories collection is rounded off with two pairs of net gloves:

Dress to impress with these fingerless rock star-style “Rattan Gloves” which reach to the mid upper arms, featuring a mesh pattern of holes in varying sizes.

“Yasmin Gloves” create a romantic look, adorned with crystals and featuring a delicate net flower design. These elegant elbow-length gloves lend a touch of ultra-feminine glamour to every wardrobe.
